ONSITE 50 TECHNICAL SPECIFICATIONS

POLE SIGN

Box

Constructed of A36 hot roll steel sheet 14 gauge

Dimensions

28" W x 22" H x 2.5" D

Finish

Oven baked white powder coat paint

Weight

35 lbs.

Controls

The control box is a self-contained dust and waterproof environment

Power

110 VAC power supply, on/off switch located inside the control box

Features

High or low speed cutoff and violation speed

Pole Mounting

The OnSite 50 mounts to poles with diameter ranges from 2" to 10". Included in the mounting kit is a vinyl coated 48" locking cable for added security.

The OnSite 100 and 200 are the companion series to the OnSite 50. The 100 has 14" digits, and the 200 has 18" LED displays. All OnSites offer value in high-profile traffic and speed enforcement programs. Combine with a Decatur EZ Stat speed tracking system for easy analysis of traffic to determine appropriate enforcement strategies.
